ON SELECT 2018 KIMBERLEY VOYAGES

In the northwest corner of the world's smallest continent is a land of overwhelming vastness and stunning natural splendour. The ruggedness of its sun-scorched gorges and numerous cascading waterfalls perfectly capture the dual nature of this remote treasure, while its rich Aboriginal presence dates back 40,000 years. Equal parts lush and raw, the Kimberley is a place of both unforgiving terrain and unforgettable beauty. **Voyage Highlights include:** Witness the spectacular tidal change at Montgomery Reef, Discover the Kimberley's ancient and mysterious rock art, Experience the sheer vastness of the Mitchell Falls Plateau and the power of the Mitchell Falls from a helicopter (optional), Photograph the spectacular Bungle Bungles with their black and orange bands from the air, Enjoy numerous nature walks and Zodiac tours, which reveal stunning scenery, pristine beaches, and awe-inspiring landscapes throughout your Kimberley Expedition, Look for the White-bellied Sea Eagle, Osprey, Brahminy Kite and Peregrine Falcon, Admire the glorious beehive panoramas of the Bungle Bungle Range on an included flight-seeing experience.
